

Mini-Symposium

Structural Biology meets Cell Biology

Thursday, December 14th, 2017, 8:00 h - 12:00 h

Lecture hall, Max Planck Institute of Experimental Medicine
Hermann-Rein-Str. 3, 37075 Göttingen, Germany

Contact:

Dr. Fritz Kobe, Fritz.Kobe@med.uni-goettingen.de

Speakers

Ruben Fernandez-Busnadiego

"Unravelling the structure of toxic protein aggregates in situ"

Hauke Hillen

"Integrated structural biology of non-nuclear transcription systems"

Vladan Lucic

"Resolving synaptic structure"

Gaia Pigino

"Ciliary assembly and transport"

Eri Sakata

"Mechanistic insights into proteasome function"
